MEMORANDUM FOR: Director of Logistics

FROM:

Assistant General Counsel

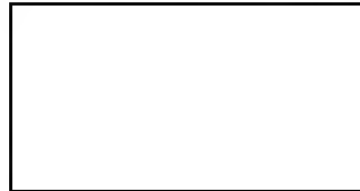

SUBJECT: SSCI Response on Title IV

Attached is a copy (reference A) of the changes made to Title IV by the SSCI. Note in particular the comment made by the counsel to the SSCI with respect to section 421 on the cover letter. I think you may be concerned with the deletion of the Agency-proposed section 422(c) as it "guts" to a significant extent covert procurement and the disposal of such items. I'm not sure section 422(d) really gives us the same capability as the Agency's version of section 422(c). Nonetheless, a reasonable argument could be made that it does.
